NEW SCHOOL STUDY

For some time there has been speculation and conjecture on the plans to relieve overcrowding at Old Rochester Regional High School. Mattapoisett is the only member of the 3-town region to construct facilities to relieve the pressure on its school system.

On Wednesday, November 15th, Dr Joseph Kunces, superintendent of schools, called together the 3 town school committees, the Regional committee and all Selectmen of Marion, Mattapoisett and Rochester to meet with him and a representative of the State Educational Board. Mr. John Hodgson was on hand to answer questions and explain the State's possible attitude on various alternatives.

Marion and Rochester apparently would rather build what is termed a Middle school for grades 5, 6 and 7. Since Mattapoisett has acted and is paying for Old Hammondtown the chances are slight that construction of another new school would meet with any supporters in that town. Rochester and Marion, it was suggested, might buy land from the OR Regional District and build a "middle school" on the site. They might do so and let Mattapoisett house its own 5th, 6th and 7th grades.

Dr. Kunces read a State regulation requir-

ing kindergarten plans to be filed by December 31, 1968 to go into operation by September 1, 1973 to increase the pressure on the elementary system. He said that the O. R. building has 1183 stations of which efficiency is 80% because of study programs or 946 pupil capacity. If grade 7 were removed from the school building the pupil count would be 848. He suggested that a "Middle School" for grades 5, 6 and 7 might be the answer; that a regionalization down to grade 5 might be made; that Old Hammondtown, if purchased by the region and 12 rooms were added, would make a "Middle School". School".

Mr. Marshall Sawyer of Mattapoisett remarked that this plan could well be the start of total regionalization. Dr. Kunces replied that it could but that he didn't know how the people of Mattapoisett would feel about it.

Selectman Henry Smith of Rochester asked for alternatives.

Dr. Kunces said that Mattapoisett is in a good position in elementary classrooms. He said that Marion and Rochester face building programs. He asked if a bonus is offered for regional construction.

Mr. Hodgson answered that it means only a minimum 5%. Individual towns are reimbursed 40%. A regional reimbursement would be 45%.

Selectman David Haley of Mattapoisett remarked that the sale of Old Hammondtown would place a burden on Mattapoisett by causing the town to reactivate old classrooms at Center School.

Dr. Kunces agreed that Mattapoisett would be back in the position it was in before building Old Hammondtown. Mr. Haley remarked "Mattapoisett would not be happy about it".

Dr. Kunces remarked that if grade 7 could be sent somewhere else Old Rochester would be in good shape.

There was discussion on regionalization. It was observed that towns acting individually could make their own decisions and not give up home rule. The question was asked, "If we go into regionalization and later wanted to break it up - could it be dissolved? Mr. Hodgson said it was possible for a town to withdraw but that it would still remain liable for capital costs.

Selectman Smith inquired if Marion and Rochester could go ahead with a Regional

School on this spot. Mr. Hodgson replied that they could not legally build on the OR site unless a portion was purchased from the District. He said that the State Department of Education must approve and that he doubted that a plan would win approval which would fragmentize the present district.

It was questioned if it were possible to house Marion and Rochester students in a new school and Mattapoisett students in their own system and to change agreement to share costs on this basis. Mr. Hodgson said that all member towns must participate and that Mattapoisett could not have 0%. Even though Mattapoisett students are housed in another building the town would still be liable for its share of the costs of the Regional District.

A Marion member said that it would be a great advantage to separate 5th and 6th

Dr. David Goodenough of Mattapoisett remarked that Old Hammondtown is built with 10 classrooms but that the core is built to take care of 20 classrooms; that Old Hammondtown could be a "Middle School" and house 600 pupils in 20 classrooms.

Dr. Kunces explained that the present building has a 350-pupil capacity in 10 classrooms. In answer to the question, are they to be strictly classrooms, Dr. Kunces said that the State Department of Education might specify a 1 to 25 pupil ratio: teacher to pupil. He said that they have doubled the Physical Education time already from 45 to 90 Minutes and that this requires space. He said that the Willis Hammond report has specified a minimum for school districts and that all new construction will be viewed in this framework.

Dr. Benjamin Tilden of Marion said that he could see why Mattapoisett would not want to give up Old Hammondtown. Would they accept Marion pupils on a tuition basis? Selectman George White of Mattapoisett said that would be ridiculous. He said that Mattapoisett not only maintains and staffs the plant but they are carrying a bond issue for the building of the school and that tuition would not be any answer. Dr. Tilden replied that the town of Mattapoisett would determine the amount of money to charge

grade from the high school atmosphere. Mr. Hodgson agreed with the point and said that OR's acreage is large enough for complete separation of the two schools.

for the tuition.

The question was asked, "Suppose we take the 7th grade out of Old Rochester and return them to the towns to be educated without the lettuce and dressing (frills) of Old Rochester, what would be the chances of approval by the State B. of Ed."?

Mr. Hodgson replied, "Would you be content to do this and offer your 7th grade pupils less than other towns in Massachusetts?" Then, in answer to protests, he said that Old Rochester rates among the highest in Massachusetts. He said that in better than 1500 new constructions none has been approved that do not offer shop, home economics, etc. etc. He said, "You can continue the use of an old building but new construction must include frills to get State aid".

The Marion Board question, "In your projected rate of growth, should a new building be constructed, would Mattapoisett be very much over supplied with classrooms"?

Mr. Kunces replied that if we carry on to 1973 with the present rate of enrollment remaining the same, Mattapoisett will have 2 extra classrooms (with both Center and Old Hammondtown).

Selectman White said that in the event a Middle School is built, "We would be paying two bond issues for the same thing. We are facing money problems (Mattapoisett). Marion replied, that if we don't build the Middle School we would be adding on to the High School to take care of the 7th grade.

Selectman Haley said that there would be no problem as far as adding on to the High School for expansion.

Mr. Hodgson said, "If it appears that the addition to the present High School would be supported by Mattapoisett, if you expand what would you expand to? If there would be a comparable cost to Mattapoisett to add to Old Rochester or to build a Middle School then would Mattapoisett approve the new building?" He speculated, "Suppose Mattapoisett's share of an addition to Old Rochester were $1,000,000.00 compared to a one million share on the building of a Middle School. He said that the cost for expansion of a secondary school is more expensive than the building cost of a lower grade school. In this case the cost might be the same. Dr. Kunces said that some type of facility has to be added.

Selectman Angle of Marion said that if the Regional District would take over Old Hammondtown School, the Region would pick up the bond issue. In this way, he added, the Region would help pick up Mattapoisett's share of the addition to the school.

Selectman Haley said, "Yes, but you miss one thing. Mattapoisett's fourth grade would have to move out of Old Hammondtown into Center School". Mr. Angle said that the region might pay enough so that Mattapoisett could fix up Center School.

A Rochester representative observed that

if Mattapoisett sold Old Hammondtown, they would need a new school soon at today's high prices. (Old Hammondtown is estimated to be worth $100,000.00 more today than when built because of rising construction costs.)

Selectman White suggested that a committee be formed from the assembly to be composed of a committee member and a selectman from each of the three towns to study the comparative costs of all of the alternative suggestion.

Mr. Hodgson said that was a good suggestion and perfectly legal since this was to be a study committee.

Dr. Kunces stated that the alternatives are these: 1, Do nothing. 2. Add on to Old Rochester. 3. Regional District purchase of Old Hammondtown. 4. Build a new Regional Middle School.

A committee to investigate the alternatives will be formed.

GRANGE MEETING

The bi-monthly meeting of Mattapoisett Grange was held last Thursday night with the worthy master, Susan Bence, presiding.

Honored guests were Edna Day, a member of the State Grange Home and Community Service committee; Paul Ouellette, master of Sippican Pomona; and Masters Herbert LaFleur of Acushnet, Manuel Roderick of Fairhaven and Robert Ouellette of Rochester.

Mrs. Ruby Barber, Home and Community Service chairman, announced a Food Sale the committee will have Friday, December 1, at the A & P on Route 6. Proceeds will help with the community work done by this committee. Mrs. Otto Kellish reported for the Sunshine work. It was announced that Mrs. Charles Avilla, a member of the Grange, had lost her mother.

The lecturer's march prize was awarded to Lemuel LeBaron. The lecturer's Thanksgiving program was opened with a most enjoyable cello solo by Miss Donna Johansen. Her accompanist was her mother, Mrs. Robert Johansen.

The National Grange's 100th anniversary candle lighting ceremony was conducted by the worthy master, lecturer and chaplain.

The birthdays of Mr. and Mrs. Joseph Furtado, Mrs. Mildred LeBaron and Otto Kellish were recognized.

The Rev. Donald Finley, paster of the Mattapoisett Congregational Church, was presented. His most interesting and much enjoyed talk was entitled "Over the River and Through the Woods". To emphasize this title, he spoke of our heritage, of our sorrows, joys and especially gratitude for those people who will do what needs to be done. A cake, made by Mrs. Cora Smith, decorated with a Thanksgiving motif, was presented to the Rev. Finley.

Who Looks at Men's Legs?

Women, of course! Especially legs that wear Corbin Trousers. There's something special about the exclusive Corbin Cut and taper that makes men's legs look better. Maybe it's the inimitable way Corbins fit (neat seat, perfectly proportioned rise, sleek beltline). It could be the finicky way Corbin Trousers are tailored, plus the superb quality and character of their fabrics. But most likely it's the fact that men who wear Corbins are invariably with it—"In" (like in Corbin).

We have a superb assortment in varied hues from which to select a week-end or Christmas pair. For your convenience, we shall be open until nine o'clock at night through the Christmas season.

Football Banquet

The Old Rochester Boosters Club proudly announces the fifth annual Football Banquet to be held December 9 at 6:30 P.M. in the school cafeteria.

Tickets may be purchased from any member of the Boosters Club or by contacting Coach Walsh. There will be adult and children's tickets. Won't you attend and join in paying tribute to an outstanding group of young people?

"The Miser" at Art Center

Universal themes and situations appealing to audiences of all eras combine to make Moliere's "The Miser" a true classic comedy. In the play we get a look at Moliere in his 'grand manner' which involves depicting an entire family and showing that family completely disorganized by the vice of the principle character. This genre of comedy is at one and the same time a comedy and a social satire. Harpagon is both odious and ridiculous; yet in this play where the miser's avarice destroys completely the relationship between a father and his son there is as in all satire an element of human tragedy.

Because his plays still retain the crisp impact of truth untarnished by the centuries, Moliere ever remains a 'modern' genius. He is an unsurpassed artist at showing our human foibles; he uses every expression of the comic art - comic situations, comedy of words, farce, but each in the right proportion to make us see ourselves as others see us and, hopefully, that we may profit by it.

In order to assure seats or a table for your party at the intimate theater in the Marion Art Center, contact Mrs. Peggy McCarthy (748-1077) in Marion or Mrs. George Carns (992-0894) in New Bedford for reservations. The play opens at 8:30 P.M. November 30 and will run December 1,2,8 and 9.

buses will leave the schools at 12:45 P.M.

There will be no cafeteria service of any kind on this day at any of the schools. The schools will reopen on Monday, November 27.

Rochester Woman's Club

MEMBERS SEE SLIDES

Members and guests experienced the thrill of a trip down the Colorado River through the media of movies and slides shown by Mrs. Walter Owen at the monthly meeting of the Rochester Woman's Club.

A letter of appreciation from the hospital ship HOPE was read. A donation to the Home for Little Wanderers was voted.

The annual Christmas party for the children of Rochester will be held December 4th at 6:30 P.M. at the Club House. Mrs. George E. Church is chairman. Parents of any child wishing to attend may contact Mrs. Greenwood Hartley, Jr., Mrs. Albert Jenney or Mrs. C. Condit Peirce before November 30th, giving name and age of child.

The Christmas Party for members will be held December 11th at 6:30 P.M. Mrs. Margaret Benner is chairman. Gifts will be exchanged.

LETTER TO THE EDITOR

I would like at this time to express my appreciation to Mr. Frank Almeida, athletic director at Old Rochester, and his very able coaching staff for the marvelous job they are doing. No, we do not have a championship team - as a matter of fact the squad this year has been small in number and young in experience. But I do not feel that you can measure in wins and losses what these exceptional men have accomplished.

I think we tend to take for granted our good fortune in having a man of such high moral calibre as Mr. Almeida. It has been my pleasure this season to get to know and respect this very dedicated and talented man. He

takes his job seriously enough to devote seven days a week and untold hours each day to our boys. It follows that under his leadership, his coaches are doing the same. It is not just football they are teaching. I have seen my boy grow, under their guidance, in manliness. He has learned so much more than just the fine points of a sport. Self-respect, confidence, a strong sense of responsibility, respect for authori-

A SPECIAL
Thank You !
Again this Thanksgiving season we at Fairhaven Pharmacy wish to take time to say "Thank You" for your generous support you have afforded us during 1967. An extra special "Thanks" this year for your support of our new Pharmacy on Rte.6, East Fairhaven.
Again, a million Thanks.
Happy Thanksgiving

How to make sure you won't run out of heating oil
LET US KEEP TRACK of your fuel supply for you.
No more running out. No more last-minute calls for oil.
Everything is automatic. We compute your rate of fuel consumption based on the weather. Using the degree-day method, we can accurately predict how much heating oil you will use and when you will need more of it. When time comes, our truck appears at your home-well before you run low. No need to phone. No bother. We handle everything for you.
There is no charge for this special service. And you'll be getting Shell Heating Oil for top burner performance. Call us today for details.
